

# 2011 Presidential Rank Award

*Each year, the President recognizes and celebrates a small group of career Senior Executives with the President's Rank Award for exceptional long-term accomplishments. Winners of this prestigious award are strong leaders, professionals and scientists who achieve results and consistently demonstrate strength, integrity, industry, and a relentless commitment to excellence in public service. There are two categories of rank awards: Distinguished and Meritorious. Award winners are chosen through a rigorous selection process. They are nominated by their agency heads, evaluated by boards of private citizens, and approved by the President. The evaluation criteria focus on leadership and results.*

## Meritorious Executive

### **Susan P. Kroskey** **Chief Financial Officer**

The President of the United States of America has conferred on Susan P. Kroskey the rank of Meritorious Executive in the Senior Executive Service for sustained superior accomplishment in management of programs of the United States Government and for noteworthy achievement of quality and efficiency in the public service.

### **Tracy L. Wetrich** **Director, Human Resources Office**

The President of the United States of America has conferred on Tracy L. Wetrich the rank of Meritorious Executive in the Senior Executive Service for sustained superior accomplishment in management of programs of the United States Government and for noteworthy achievement of quality and efficiency in the public service.

## Honorable Mention

### **Distinguished Service Medal**

*This is NASA's highest form of recognition that is awarded to a Government employee who, by distinguished service, ability, or vision has personally contributed to NASA's advancement of United States' interests. The individual's achievement or contribution must demonstrate a level of excellence that has made a profound or indelible impact on NASA mission success, and therefore, the contribution is so extraordinary that other forms of recognition by NASA would be inadequate.*

## **David M. Martin**

For sustained dedication, exceptional leadership, and outstanding technical contributions to the Space Shuttle and Commercial Crew Programs.

## **Philip E. Phillips**

For distinguished service to NASA and KSC supporting the Human Exploration and Operations Mission Directorate and Ground Systems Development and Operations Program.

## **Honorable Mention**

### **Distinguished Public Service Medal**

*This is NASA's highest form of recognition that is awarded to any non-Government individual or to an individual who was not a Government employee during the period in which the service was performed, whose distinguished service, ability, or vision has personally contributed to NASA's advancement of United States' interests. The individual's achievement or contribution must demonstrate a level of excellence that has made a profound or indelible impact to NASA mission success, therefore, the contribution is so extraordinary that other forms of recognition by NASA would be inadequate.*

## **James Spornick**

### **United Launch Alliance**

For unparalleled commitment to launching 5 NASA missions in the latter 6 months of 2011 from both Cape Canaveral Air Force Station and Vandenberg Air Force Base.

## **Michael L. Young**

### **United Space Alliance**

For sustained exceptional service to the NASA Space Shuttle program.

# Individual KSC Honor Awards

## KSC Certificates of Commendation

*This award recognizes exceptional individual accomplishment or outstanding direction or management of a program or program segment, which affects the entire Center or contributes significantly to the Center's mission.*

### **Charles F. Abell**

For outstanding leadership capturing, validating and documenting Shuttle program knowledge as lessons learned to enhance the future of NASA programs.

### **Alan Alemany**

For your outstanding leadership and significant contributions in the performance of Safety and Mission Assurance activities at Kennedy Space Center.

### **William C. Atkinson**

For exceptional leadership and technical excellence in support of the development and launch of the Cube Satellites aboard the Glory and NPOESS Preparatory Project missions.

### **James D. Blake**

For outstanding efforts in providing engineering support to the Vehicle Assembly Building cranes, doors, and platforms projects in support of future programs.

### **Dawn M. Borden**

In recognition of excellence to detail during the development, maintenance, and real-time modifications of the Commercial Crew Program's SharePoint site.

### **Michael D. Bruder**

For outstanding leadership building the operational partnership for use of the Orbiter Processing Facility 3.

### **Dave W. Burris**

For outstanding support and leadership in the management of KSC local authority projects, while also providing exemplary support in all other areas of responsibility.

### **Michael L. Canicatti**

For demonstrating outstanding technical management in the coordination and performance of the very first move of the Mobile Launcher to and from Launch Pad 39B at KSC.

### **Craig J. Chesko**

For significant technical contributions and dedicated services to human space flight and exploration programs.

# Individual KSC Honor Awards

## **Adam C. Cooper**

For outstanding leadership of the Kennedy Space Center Safety, Quality and Mission Assurance team on the Radiation Belt Storm Probes mission.

## **Vicki M. Cox**

For exceptional leadership and dedication in providing contract management support to the Center Operations Directorate.

## **Frances E. Cunningham**

For outstanding efforts ensuring that the Ground Facility Spares were identified and transitioned from the Space Shuttle Program to the Institutional Service Contract.

## **Gary M. Felker**

For significant procurement support to construction and environmental projects and energetic teamwork displayed, assuring successful Center major events.

## **Rogelio Franco**

For leadership and excellent communication/coordination skills and transporting necessary Environmental Control System hardware for the Space Launch System Program.

## **Thomas E. Frattin**

For outstanding leadership of KSC Safety and Mission Assurance teams for the GRAIL, Aquarius, and NuSTAR missions and enabling universities to fly small spacecraft in space.

## **Ralph Fritsche**

For exemplary leadership and project management of the Biotube experiment for the International Space Station program.

## **Jay E. Green**

For outstanding dedication, diligence, and professionalism in support of a multitude of key tasks for programs, commercial customers, and the Center Operations Directorate.

## **Greg J. Harrigan**

For outstanding technical leadership and professionalism in support of the Launch Services Program for the Taurus XL mishap investigation and the Pegasus/NuSTAR mission.

## **Kari L. Heminger-Sperna**

For outstanding dedication and excellence in the management of Center Operations civil service workforce in support of KSC programs and overall KSC mission.

## **Luke D. Hoffman**

For exemplary resources management support to the Ground Systems Development and Operations Program, the Office of the Chief Financial Officer, and customers across KSC.

# Individual KSC Honor Awards

## **John Hueckel**

For outstanding leadership of Kennedy Space Center's launch site support for Mars Science Laboratory spacecraft processing.

## **Anne C. Jamison**

For demonstrating initiative in retraining opportunities for Safety and Mission Assurance employees and developing detailed training memorandums of agreement.

## **Janice R. Justice**

For exceptional leadership and dedication in supporting KSC's records management program.

## **James B. Keen**

For outstanding leadership of the Kennedy Space Center Safety, Quality, and Mission Assurance team working on the Orbital Science Corporation risk mitigation activities.

## **Daniel S. Keenan**

For contributions to the KSC Unmanned Aerial System development efforts in helping to create new training opportunities and data storage and dissemination capabilities.

## **Larry W. Kiel**

For exceptional control systems engineering contributions to the design and construction of NASA facilities.

## **David C. Knoblock**

For exceptional technical support, leadership, and dedication in providing user support for the United Launch Alliance Virtual Private Network software upgrade.

## **Scott W. Koester**

For outstanding leadership, vision, and technical performance during the transition to multi-customer support in the post-shuttle era.

## **Stanley R. Kuhns**

For providing outstanding support leading the Mechanical and Fluids Engineering Branch through the Ground Processing Directorate's transition.

## **Stephen P. Lander**

For developing an Organizational Budget Modeling Tool to allow Organizational Representatives across KSC to track Information Technology requirements and expenditures.

## **Staci A. Leach**

For exemplary financial management performance and support to the Office of the Chief Financial Officer and Shuttle Transition and Retirement Project Office.

# Individual KSC Honor Awards

## **Jennifer M. Levitt**

For exceptional leadership and dedication in supporting the development of the Ground Systems Development and Operations Program Flight Systems and Integrated Operations PPBE.

## **Rebecca L. Lewis**

For outstanding support to the planning and execution of the Kennedy Space Center Fiscal Year 2012 buyout, demonstrating initiative, leadership, and professionalism.

## **Joseph E. Madden**

For outstanding efforts in refining and transforming the KSC architecture landscape to enable future infrastructure capabilities for multiple space flight customers.

## **Janet A. Mayers**

For exceptional leadership and dedication in supporting contract management and KSC's Administrative Services.

## **Dallas L. McCarter**

For your safety expertise, professionalism, dedication, and commitment to excellence have ensured the safety of personnel at Launch Complex 39.

## **Philip T. Metzger**

For outstanding contributions as Manager of the Granular Mechanics and Regolith Operations Laboratory.

## **Eddie N. Montalvo**

For outstanding technical integration and leadership during the removal of Space Shuttle Main Propulsion hardware ensuring the success of NASA's Space Launch System Program.

## **Cuong C. Nguyen**

For technical excellence and commitment to the payload electrical engineering discipline on the Nuclear Spectroscopic Telescope Array mission.

## **Richard D. Nielsen**

For your outstanding contribution in the resolution of the Pegasus Crossover to Taurus Failures investigation for the Launch Services Program.

## **Jennifer M. Nufer**

For exceptional leadership during the planning and execution of Shuttle Transition and Retirement integrated activities.

## **Gary J. O'Neil**

For exceptional support for the MSL mission, including coordination between ULA, JPL, and LSP thermal and thermal support for potential prelaunch cooling loss of the MMRTG.

# Individual KSC Honor Awards

## **Terry S. Parnell**

For your outstanding dedication, professionalism, and expertise in improving the safety and reliability of ground systems at Kennedy Space Center.

## **Jorge L. Piquero**

For relentlessly pursuing effective solutions resulting in technical excellence, significant cost-saving, and risk mitigation for NASA missions.

## **Janice C. Pirkle**

For outstanding procurement support resulting in the timely award of an emergency purchase to support the Falcon 9 launch.

## **Bobbie J. Raymond**

For exceptional dedication and leadership in the development of configuration management processes supporting the Ground Processing Directorate and the KSC mission.

## **Robert Russo**

For outstanding dedication and professionalism while supporting the ISS Program and the Lunar Atmospheric Dust Environment Experiment spacecraft at Ames Research Center.

## **Rosalyn J. Santos-Ebaugh**

For your contributions as the Chair of the Architect and Engineer Selection Board for Environmental Remediation Services.

## **Roland Schlierf**

For outstanding operations management and leadership of the Offline Spacecraft Element Integration Team.

## **Clyde D. Shreve**

For exemplary contracting support to the Commercial Crew Program activities.

## **James C. Simpson**

For exemplary leadership and technical expertise to the Autonomous Flight Safety System project and advanced Range technologies development efforts.

## **Susan D. Sitko**

For outstanding engineering excellence in support of International Space Station and Ground Systems Development and Operations.

## **Alice F. Smith**

For outstanding leadership for the planning and execution of the 2012 Sustainability Fair at the KSC All-American Picnic.

# Individual KSC Honor Awards

## **Scott P. Stilwell**

For outstanding construction management leadership safely completing the LC 39 Pad B Rotating Service Structure and Fixed Service Structure Demolition project at KSC.

## **Phillip L. Swihart**

For your significant safety engineering contributions to the development of new and innovative projects at Kennedy Space Center.

## **Erik E. Tormoen**

For exceptional technical support during development and testing of the Reusable Earth Synchronous Tele-Operated Refueler hypergolic hose reel management system.

## **Terry S. Turlington**

For dedication and commitment in advancing NASA's mission by ensuring the safety of NASA and contractor employees through exemplary leadership in developing safety programs.

## **Eugene E. Walker**

For exceptional financial accounting support and dedication in the resolution of complex accounting issues and the Fiscal Year 2011 unqualified audit opinion.

## **Christine L. Weaver**

For outstanding support to the Safety and Mission Assurance Directorate in facility and utilization management activities.

## **Lorene B. Williams**

For providing outstanding administrative guidance and personnel support to the Control and Data Systems Division.

## **Henry W. Yu**

For outstanding leadership of Kennedy Space Center's Information Technology Security Program.

## **KSC Quality and Safety Achievement Recognition (QASAR) Award**

*The award recognizes individual government and contractor employees at NASA Headquarters and Centers who have demonstrated exemplary performance in contributing to the quality and/or safety of products, services, processes, or management programs and activities.*

### **In the category of: Lifetime Achievement**

#### **Humberto “Bert” T. Garrido (KSC Safety and Mission Assurance)**

For exceptional leadership, commitment to teamwork, and dedication to professional excellence in Safety and Mission Assurance across the Agency and in support of the Space Shuttle, Space Station, and Launch Services Programs.

**In the category of: Most significant quality or safety contribution from within the NASA Safety and Mission Assurance organization, as a civil servant.**

#### **Todd E. Brandenburg (KSC Safety and Mission Assurance)**

For outstanding dedication, attention to detail, and leadership in supporting the Luna Atmosphere and Dust Environment Explorer at Ames Research Center.

**In the category of: Most significant quality or safety contribution external to the NASA Safety and Mission Assurance organization, as a civil servant.**

#### **Frank J. Merceret (Ground Processing Directorate)**

For outstanding improvements to the Lightning Launch Commit Criteria which contributed significantly to the flight safety and the success of space launches from all Government Ranges and by all commercial launches regulated by the Federal Aviation Administration. Your strong leadership, team building, and research skills reduced both the risk of launch vehicles being struck by natural or triggered lightning and the number of launch scubs.

**In the category of: Most significant quality or safety contribution from within the NASA Safety and Mission Assurance organization, as a contractor.**

#### **Joseph B. Hamilton (Millennium Engineering and Integration Company)**

For significant technical expertise which has facilitated awareness and process changes in the International Space Station program resulting in safer ground processing of Composite Overwrap Pressure Vessels and in the development of a Flight Hazard Analysis for on-orbit Composite Overwrap Pressure Vessels.

**In the category of: Most significant quality or safety contribution external to the NASA Safety and Mission Assurance organization, as a contractor.**

**E. David Griffin (a.i. solutions, inc.)**

For the timely identification of analysis methodology errors in the Delta II Heavy controllability analysis for the GRAIL mission, leading to the implementation of corrective actions with no impact to launch date or mission success, and for supporting ongoing efforts at United Launch Alliance to ensure adequate insight into and review of analytical products during the flyout of the Delta II product line.

## **Individual NASA Honor Awards**

### **NASA Outstanding Leadership Medal**

*This prestigious NASA medal is awarded to Government employees for notable leadership accomplishments that have significantly influenced the NASA Mission. Sustained leadership and exceptionally high-impact leadership achievements should demonstrate the individual's effectiveness in advancing the Agency's goals and image in present and future terms.*

**Judith C. Blackwell-Thompson**

For superior leadership of the launch and landing teams through Space Shuttle program completion and for leadership in the new KSC Ground Processing Directorate.

**Mark R. Borsi**

For outstanding leadership of the security program at Kennedy Space Center.

**Hortense B. Burt**

For outstanding leadership and growth of NASA's Educational Programs that have significantly contributed to the Agency's goals.

**David L. Facemire**

For outstanding leadership of the KSC Institutional Safety Branch and for building a strong Center safety program and culture.

**Jeremy J. Graeber**

For exceptional leadership and unwavering support in shaping our Center's future direction in human space flight and ground operations.

**Robert B. Holl**

For exceptional leadership shaping the Ground Processing Directorate's Operations and Planning Branch to support KSC's future in human space flight and ground operations.

**Vicki C. Johnston**

For demonstrating exemplary leadership, innovation, and dedication in the development and implementation of the Syros partnership.

**John J. Kiriazes**

For outstanding leadership in the organizational development and implementation of the Kennedy Space Center Ground Processing Directorate.

**Susan P. Kroskey**

For exceptional leadership and dedication to financial excellence in support of Kennedy Space Center during a transitional period.

**Karen D. Lucht**

For leadership of the highest caliber aimed at achieving NASA and Commercial Crew Program vision and guiding principles.

**Peggy L. Masters**

For providing outstanding leadership to ensure the successful establishment and organization of the Ground Systems Development and Operations Program.

**Wayne W. McClellan**

For outstanding engineering achievement in the Integrated Network Control System development, implementation and testing.

**Glenn S. Semmel**

For exceptional engineering achievement and leadership in helping to plan the transformation of command and control capabilities of the Kennedy Space Center.

**Vanessa K. Stromer**

For outstanding leadership of Information Technology and Communications Services strategic initiatives that enable mission success at the Kennedy Space Center.

**Stephen J. Swichkow**

For outstanding leadership in the innovative approach to the development and installation of ground control systems at Kennedy Space Center.

**Mark D. Wiese**

For exceptional leadership as Chairman of the Launch Services Program's Expendable Launch Vehicle Integrated Support 2 Source Evaluation Board and its successful award.

# Individual NASA Honor Awards

## NASA Outstanding Public Leadership Medal

*This prestigious NASA medal is awarded to non-Government employees for notable leadership accomplishments that have significantly influenced the NASA Mission. Sustained leadership and exceptionally high-impact leadership achievements should demonstrate the individual's effectiveness in advancing the Agency's goals and image in present and future terms.*

### **Brian J. Gloade**

For dedication and commitment in advancing NASA's mission by ensuring the safety of all Kennedy Space Center employees.

### **Ernest G. Tonhauser**

For outstanding leadership in the development, implementation and continual improvement of the Institutional Services Contract Quality Assurance Program at KSC.

## NASA Exceptional Service Medal

*This prestigious NASA medal is awarded to a Government employee for sustained performance that embodies multiple contributions which contribute to NASA projects, programs, or initiatives.*

### **Tammy L. Annis**

For outstanding sustained achievement, performance, and leadership supporting the Ground Systems Development and Operations Program.

### **Todd C. Arnold**

For exceptional dedication and commitment as the Strategic Alliances Manager for the International Space Station Ground Processing and Research Project Office.

### **Allard J. Beutel**

For exceptional service to the NASA and KSC Public Affairs during the final historic Space Shuttle missions in support of the United States space program.

### **Andrew C. Bundy**

For exceptional service and leadership to enable technical excellence in avionics systems in support of multiple programs at the Kennedy Space Center.

# Individual NASA Honor Awards

## **Raoul E. Caimi**

For significant contributions in the advancement of vibroacoustic research and engineering and for outstanding support to the Launch Services Program.

## **Ernesto T. Camacho**

For significant contributions in the advancement of vibroacoustic research and engineering and for outstanding support to the Launch Services Program.

## **Brekke E. Coffman**

For outstanding project leadership and enabling of multiple cryogenic technology development projects to the further achievement of NASA goals.

## **Scott T. Colloredo**

For exceptional technical excellence leading the strategy and transition of the Kennedy Space Center's multiuse architecture in support NASA and commercial customers.

## **Georgianna B. Cox**

For sustained exceptional performance in implementing new initiatives that have significantly improved the effectiveness of Kennedy Space Center's support to Agency missions.

## **Lesley C. Fletcher**

For the successful conception, approach, and implementation of NASA educational programs using innovative and creative mechanisms.

## **Marcia M. Groh Hammond**

For sustained exceptional service to the NASA Space Shuttle program.

## **Patrick E. Hanan**

For exceptional leadership and technical contributions made toward the success of NASA programs.

## **Kathleen A. Milon**

For exceptional service in recognition of efforts to enable technical excellence in the avionics discipline at the Kennedy Space Center.

## **Miguel Morales**

For exceptional service in recognition of efforts to enable technical excellence in the avionics discipline at the Kennedy Space Center.

## **Gloria A. Murphy**

For exceptional contributions and outstanding leadership of NASA's engineering educational programs resulting in fundamental importance in the field of aerospace engineering.

# Individual NASA Honor Awards

## **Hung T. Nguyen**

For exceptional service and dedication to our Center and Agency during the final flights of the Space Shuttle program and the KSC organizational transition that followed.

## **Jack S. Payne**

For outstanding support to the Glory Mishap Investigation Board and significant contributions to the success of the Launch Services Program.

## **John L. Rigney**

For outstanding leadership in architectures development, furthering the mission of NASA and expanding the useful range of Kennedy Space Center facilities and launch systems.

## **Jade R. Rymkos**

For significant engineering contributions to the mechanical ground systems in support of the Space Shuttle program and future programs.

## **William B. Simmonds**

For outstanding performance and extremely high level of dedication and service to the Ground Systems Development and Operations Program and the Kennedy Space Center.

## **Robert F. Speece**

For exceptional service in supporting NASA's goals over the past 32 years, supporting multiple roles across multiple programs and always at a stellar level of performance.

## **Pamela P. Steel**

For sustained outstanding service as the Contracting Officer's Technical Representative for the Kennedy Space Center Visitor Complex Concession Agreement 2005 – 2012.

## **Burton R. Summerfield**

For innovative and uncompromising leadership during austere economic times which resulted in millions of dollars in savings to the Agency and unparalleled program support.

## **Ewing B. Swaney**

For exceptional service in providing logistics support to International Space Station ground processing and outstanding leadership to enable its successful completion.

## **Joseph Tellado**

For exceptional achievement in providing logistics support to International Space Station ground processing, and leadership and expertise to enable its successful completion.

# Individual NASA Honor Awards

## **John M. Vondenhuevel**

For demonstrating outstanding procurement leadership and support to the Launch Services Program at Kennedy Space Center.

## **Raymond M. Wheeler**

For outstanding leadership and contributions developing sustainable life support and habitation systems for human exploration and development of space.

## **Scott B. Wilson**

For continuous exceptional service, outstanding leadership, and a high level of dedication to the Ground Systems Development and Operations Program and NASA.

## **NASA Exceptional Public Service Medal**

*This prestigious NASA medal is awarded to any non-Government individual or to an individual who was not a Government employee during the period in which the service was performed for sustained performance that embodies multiple contributions on NASA projects, programs, or initiatives.*

## **Carole J. Chauncey**

For exceptional planning and coordination skills which have contributed to the successful operations support at the Kennedy Space Center.

## **Kathy S. Fleming**

For exceptional service in support of the Ground Systems Development and Operations Program at Kennedy Space Center.

## **Steven C. Geis**

For exceptional performance in significantly improving and expanding public access to NASA's mission at the Kennedy Space Center Visitor Complex.

## **Robert J. Loomis**

For exceptional support to the KSC Safety and Mission Assurance Directorate and leadership that has been instrumental to the Ground Systems Development and Operations Program.

## **Timothy Olinger**

For superior performance as Facilities, Systems, Equipment and Utilities Operations and Maintenance, and Engineering Division Manager for the Institutional Services Contract.

# Individual NASA Honor Awards

## **Christina Pobjecky**

For superior performance as the Configuration Management Supervisor for the Institutional Services Contract.

## **Jacob D. Rivers**

For exceptional technical expertise and outstanding leadership skills during mission processing operations support.

## **Ivan I. Townsend**

For outstanding leadership in the development of technologies for planetary surface systems for human and robotic exploration and development of space.

## **Jeffrey Wilt**

For superior performance as the Information Technology Division Manager for the Institutional Services Contract.

## **NASA Exceptional Achievement Medal**

*This prestigious NASA medal is awarded to any Government employee for a significant specific achievement or substantial improvement in operations, efficiency, service, financial savings, science, or technology which contributes to the mission of NASA.*

## **Steven Bigos**

For superior leadership and project management of Orbital Replacement Unit processing for the International Space Station program.

## **Joseph A. Dant**

For exemplary achievement in leading the Kennedy Space Center Safety and Mission Assurance team, culminating in the successful launch of the Mars Science Lab mission.

## **Laura C. Gallaher**

For exemplary expertise leading to organizational efficiencies and effective transition during a time of great change at the Kennedy Space Center.

## **Krista Y. Jensen**

For providing exemplary senior procurement analyst support contributing to quality of services and acquisition streamlining initiatives.

# Individual NASA Honor Awards

## Ellen R. Lamp

For outstanding contracting leadership contributions resulting in a successful and timely award of the Kennedy Protective Services Contract.

## Laura M. McDaniel

For significant contributions to the Safety and Mission Assurance Directorate resulting from development of KNPR 8715.3, "KSC Safety Practices Procedural Requirements."

## Roger S. Rudig

For outstanding achievement in the development of an innovative acquisition strategy for the Commercial Crew Program.

## Randall E. Scott

For outstanding service to NASA in the development and implementation of radiological contingency plans and support for the Mars Science Lab and other major source launches.

## Michael B. Stevens

For exceptional achievements in support of delivering cost-effective protective services at the Kennedy Space Center.

## Thomas N. Williams

For exceptional achievement in support of the new Ground Systems Development and Operations Program at Kennedy Space Center.

## Nancy P. Zeitlin

For outstanding work that was absolutely critical to the activation of the Office of the Chief Technologist program function at Kennedy Space Center.

## NASA Exceptional Public Achievement Medal

*This prestigious NASA medal is awarded to any non-Government individual or to any individual who was not a Government employee during the period in which the service was performed. The award is for a significant specific achievement or substantial improvement in operations, efficiency, service, financial savings, science, or technology which contributes to the mission of NASA.*

## Robin Bullock

For outstanding support to NASA resulting in a dramatically revamped and improved, cost-effective, radiological contingency response capability for major source launches.

# Individual NASA Honor Awards

## Tara S. Miller

For exemplary performance in providing exceptional institutional support services in execution of the KSC Institutional Support Services Contract requirements.

## John M. Phillips

For outstanding support to NASA resulting in a dramatically revamped and improved, cost-effective, radiological contingency response capability for major source launches.

## NASA Exceptional Administrative Achievement Medal

*This prestigious NASA medal is awarded to any civil service employee in the NASA Classification 500 Group (or non-Government-equivalent) for a significant, specific achievement or contribution that clearly demonstrates a substantial improvement in administrative support contributing to NASA's mission.*

## Catherine D. Bond

For outstanding initiative, exceptional analysis, and overall dedication to Ground Systems Development and Operations Program.

## Carole-Sue Feagan

For extraordinary secretarial performance, professionalism, and dedication contributing to the successful mission of the Commercial Crew Program.

## NASA Early Career Achievement Medal

*This prestigious NASA medal is awarded to any Government employee for unusual and significant performance during the first 10 years of an individual's early career (i.e., entry-level professional in a scientific, engineering, administrative professional or technical position) in support of the Agency. Performance is characterized by unusual initiative or a creative achievement that clearly demonstrates a significant contribution in the individual's discipline area that directly contributes to*

*NASA's mission and goals. The contribution is significant, in that, for an employee who is at such an early phase of career, the contribution has substantially improved the discipline area.*

# Individual NASA Honor Awards

## **Damara M. Belson**

For significant and outstanding contributions to human space flight encompassing the Space Shuttle, Constellation, and Commercial Crew Programs.

## **Daniel H. Hull**

For innovative, project management skill, and exemplary achievement in the sustainment of critical KSC facilities and infrastructure.

## **Victoria S. Long**

For outstanding materials engineering support to KSC and the operational programs serving as a technical authority on failure analysis and brittle fracture.

## **Kristen P. Luther**

For exemplary leadership of the transition of facilities services to the Institutional Services Contract.

## **Jessica R. Paglialonga**

for outstanding performance in implementing the Kennedy Educate to Innovate project, reaching more than one hundred thousand students in two years.

## **Rommel A. Rubio**

For outstanding and sustained leadership qualities and exceptional integration skills as Booster Element Liaison and Element Operations Manager.

## **Jennifer L. Tharpe**

For outstanding contributions to planning and implementation of Shuttle Transition and Retirement records management and Information Technology Systems disposition.

## **Jennifer G. Wilson**

For exceptional achievements in furthering NASA's understanding and improvement of lightning detection systems.

## **NASA Silver Achievement Medal**

*This prestigious NASA Silver Achievement Medal is awarded to Government and non-Government individuals or teams by NASA Center Directors for a stellar achievement that supports one or more of NASA's Core Values, when it is deemed to be extraordinarily important and appropriate to recognize such achievement in a timely and personalized manner.*

## **Mary MacLaughlin**

For outstanding commitment and demonstration of integrity, teamwork, and excellence in going above and beyond the normal job requirements to assure customer satisfaction.

## **Scott Vangen**

For outstanding efforts to work across the Agency to develop consensus on technology needs for human space flight.

## **KSC FIRST Sustainability Team**

Accepting for the team is **Billy McMillan**

**NASA**

For superior support to create the Agency's first Center-wide, cross-functional sustainability plan for Kennedy Space Center.

## **NASA**

Derek Bailey  
Christopher Bershad  
Anthony Harris  
Raquel Lumpkin  
Billy McMillan  
Lance Rogers  
Brittani Sims

## **Commercial Crew Program Partner Integration Team**

Accepting for the team is **Scott Thurston**

**NASA**

For unwavering leadership and teamwork in developing and executing new methods for building commercial human spaceflight to low Earth orbit.

## **NASA**

James Burnum	John McKinnie
Gennaro Caliendo	Laura Segarra
Jon Cowart	Misty Snopkowski
Robert Dempsey	Kenneth Tenbusch
Bradley Jones	Valin Thorn
William Lane	Scott Thurston
Cheryl Malloy	Sarah Waechter
Henry May	

## **Blue Marble Award**

*NASA's Environment and Energy "Blue Marble" Awards recognizes groups and individuals demonstrating exceptional environmental leadership in support of NASA's missions and goals and are presented every two years.*

### **Category**

## **NASA EMD Director's Environment and Energy Award**

*Recognizes exceptional leadership and professionalism in implementing NASA's mission and vision of "understanding and protecting the home planet" and "improving the quality of life on Earth."*

### **Individual**

#### **Denise Thaller**

Exceptional Leadership in Establishing Agency's First Center Sustainability Plan at KSC

### **Group**

#### **Shuttle Program Transition and Retirement Environmental Management Team**

Accepting on behalf of the team is **Francis Kline**

**NASA**

Recognized for initiating and implementing sustainable practices into the Space Shuttle Transition and Retirement (T&R) Project.

#### **NASA**

Alice F. Smith

Ann T. Williams

#### **United Space Alliance**

Amy S. Mangiacapra

#### **Bridget BTC, Inc.**

Dorothy Couch

# NASA Group Achievement Awards

*A team award given to a group of Government employees or a group comprised of both Government employees and non-Government personnel for outstanding accomplishment through the coordination of many individual efforts which has contributed substantially to the NASA mission, with explicit consideration given to: (1) the quality of results and the level of impact on NASA programs or operations; (2) effective management of cost and schedule; (3) customer satisfaction; (4) team growth and capacity for future contribution; and (5) additional credit for development of innovative approaches, use of and contributions to lessons learned data banks, and/or success in responding to unforeseen crises.*

## AQUARIUS MISSION INTEGRATION AND LAUNCH TEAM

Accepting for this team is **Jorge Piquero**

**NASA**

For outstanding launch vehicle integration, launch site processing and successful launch of the Aquarius mission.

### **NASA**

Ayman Abdallah  
Omar Baez  
Gary Beatovich  
Norman Beck  
Michael Carbone  
Luis Delgado  
Leonard Duncil
